BUSINESS LAW TO BE TAUGHT AT THE Y. M. C. A.

The night school classes at the Young Men's Christian Association will be open for the New Year term on Monday, January 6, at which time the regular work in the commercial and other departments will be resumed.

A class in business law will be organized and efforts are now being made to secure one of the leading attorneys of the city to act as instructor. A large number of the young men now attending the classes have expressed a desire to enroll in such a class, and it is expected that it will become a permanent feature. Inquiries have also been made regarding a course in salesmanship and advertising, and it is expected that instruction along these lines will be started at an early date.

The total enrollment of the night school classes to date is 180, and this number will probably be increased to 200 by the beginning of the new term.

BUSINESS ITEMS

Libby, McNeill & Libby, Ltd., is erecting two warehouses at its cannery at Kahanu, Koolau-poko, at an estimated cost of \$7000.

Stocks were irregular in New York on Tuesday, but the bears failed to make any impression. Money was firmer, call loans advancing 1 1/2 points to 6.

The Guardian Trust Company has presented its clients and friends with a handsome memorandum case, bound in leather, with card pocket and renewable pad.

Calendars issued by many local merchants and agencies this season are handsomer than ever, and everybody has been packing them home for two weeks past.

The sunflower is becoming an important product in the North Caucasus. Last year the burning of the stalks yielded 6282 tons of carbonate of potash for export, 159 tons of it valued at \$42,744 being sent to the United States.

Y. M. C. A. PLANS FRESH CAMPAIGN

The membership committee of the Young Men's Christian Association is planning a rousing campaign to secure additional members to the association, and met this noon in Cooke Hall to discuss the preliminary arrangements.

It was decided by those present to make the campaign a one-day affair, and to secure the cooperation of a number of the leading business men of the city, many of whom have already promised to give their time. All the activities of the association will be resumed with renewed energy after the first of the year, and the committee finally decided that this would be the proper time for the holding of the campaign. Charles R. Frazier was named to take charge of the publicity, while A. H. Tarleton and George Banta will form the committee on making arrangements for the downtown headquarters on window displays. A. E. Larimer was appointed chairman of the committee on securing the names of prospective members, and Paul Siper and A. H. Tarleton for the committee on soliciting. Chairman Ed Tewe, of the membership committee, together with M. G. Johnstone will have charge of laying out the city in districts for the solicitors.

No special date has been set as yet for the holding of the campaign, but it will probably be some day near the first of the New Year. When the campaign is brought to a close it is expected that at least two hundred new members will have been added to the already large list.

The Newfoundlanders kill seals each spring to the number of from 200,000 to 250,000. These seals are chiefly valuable for the oil extracted from their fat, and are very different from those hunted on the Pacific coast, which are sought for their fur.

The Wretchedness of Constipation

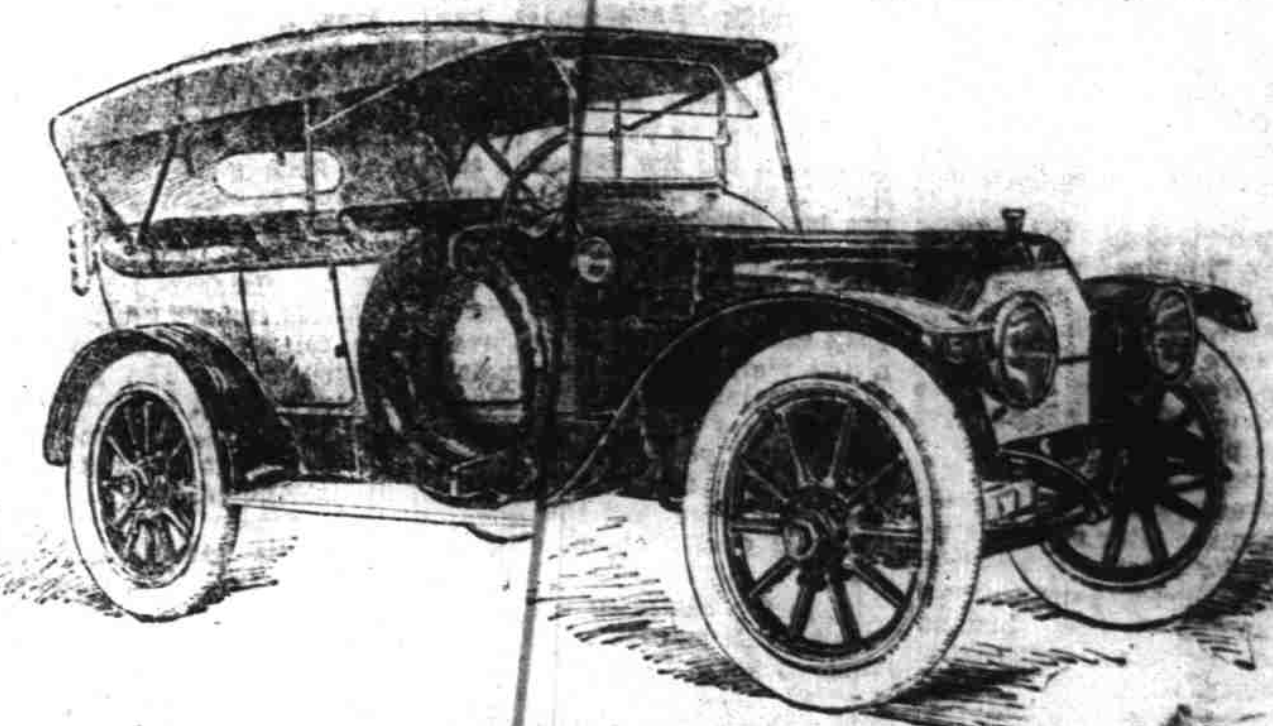

Can quickly be overcome by CARTER'S LITTLE LIVER PILLS.

Purely vegetable—act surely and gently on the liver. Cure Biliousness, Headache, Dizziness, and Indigestion. They do their duty. Small Pill, Small Dose, Small Price. Genuine must bear Signature.

W. H. Wood

The Fallacy of Buying a "Discount" Automobile

65 miles an hour. To 58 miles an hour in 30 seconds, from standing start.

When You Buy Automobile at Cut Price You For More Than You Gain

There are two kinds of "Discount" cars—those that are purposely listed at a high figure so that their price may be cut down to which the dealer divides his profit. Cars of the first named class have no value. The prices at which they are sold are seldom the same to any two buyers. You might receive a 10 per cent discount, as likely as not some other buyer is given a 20 per cent cut.

Since no two have paid the same price is no basis of valuation if you ever wish to sell the car.

You should avoid the dealer who cuts prices. You cannot afford to patronize an dealer or manufacturer who is not prosperous. It is not of as much value if once having been sold in the community it no longer is so.

If dealers split their profits they must later go out of business. They cannot back of the car with the service it should.

And after all, that is the biggest consideration. Don't buy any car that does not carry complete service from the dealer.

By securing even a 20% discount on a car in a position to pay double that amount in repair and service charges, before it is sold.

The New Hudson

are sold at the same price every dealer will agree to maintain the price, which will be all for that second-hand HUDSON cars higher proportion of their original value.

HUDSON dealers are required to give a service that is much more complete, much more satisfactory, than is usual with other cars. There is an advantage in owning a car that does not carry with it the liability of constant repair costs, that is not laid up because the dealer can't or won't look after your needs.

48 ENGINEERS DESIGNED THEM.

Remember the importance of that statement. These men were trained in 97 European and American factories; had a hand in building over 200,000 cars. They combined their experience and skill in perfecting the New HUDSONS.

What better assurance could be asked than that these men who possess about all the knowledge that has thus far been gained in automobile building have joined in saying "The New HUDSONS are the best we know."

The "HUDSON '37" is their four-cylinder Master piece. It sells with either Touring body, 5-passenger Torpedo or Roadster, \$1875, completely equipped with electric self-cracking device and electric lights, speedometer, clock, top, windshield and twelve-inch upholstery. There is nothing more to buy. The "54" HUDSON—a Six, capable of doing 65 miles an hour and which will attain a speed of 58 miles in 30 seconds from a standing start, is offered as a car superior to any automobile on the market. It sells at \$2450, completely finished and equipped as above. Prices are f. o. b. Detroit.

Triangle on the Radiator.

Associated Garage, Limited, HONOLULU, T. H.

Y. M. C. A. BOYS SEE PEARL HARBOR

Twenty members of the boys' department of the Young Men's Christian Association, accompanied by Secretaries Cross and Loomis, their second trip to Pearl Harbor, left for the launch Huki Huki this morning in the launch Huki Huki for the purpose of seeing the government fortifications and watching the sea divers at work.

The party left this morning thirty o'clock, arriving at the fort at eleven o'clock, where they were met by "Drydock" Smith, who took them over the course, answered all questions. At noon took of a bounteous feed, and they again boarded the launch and cruised around Fort Island into the West lock, and from there to Watertown, where they took on the commissary department. Before leaving the boys will try their skill for coral at the entrance harbor. The party is expected to return at five o'clock this evening.

PERFECTLY SATISFIED

Never hesitate about an. berlain's Cough Remedy. It contains no opium or narcotics and can be given with confidence. As a quick cure and colds to which children are susceptible, it is unsurpassed. by all dealers. Bentsen & Co., Ltd., agents for Hawaii.
